

Framework Agreement

Regarding participation in the Streamr Network AG (Streamr) crowd contribution in exchange of DATA coins, through Bitcoin Suisse AG (BTCSAG)

Contributor/Client:

First / last name or company name

This agreement covers the participation in the Streamr Network AG crowd contribution, through Bitcoin Suisse AG (BTCSAG).

From 6th of October, 12:00 (UTC), the public gets an opportunity to register to participate in the Streamr crowd contribution, through BTCSAG, where contributions are rewarded with DATAcoins. Registrations for participating in the crowd contribution received before 9th of October, 12:00 (UTC), and approved by BTCSAG, will be whitelisted by the start of the respective contribution period. Registrations received after the 9th of October, 12:00 (UTC) will be processed on a best-effort basis and whitelisted, if approved by BTCSAG, in the Streamr contribution smart contract once per day.

The DATA/CHF rate for the public crowd contribution is 18.25 DATA/CHF. The final CHF/ETH rate will be locked 6 hours (six hours) before the opening of the contribution period. The rate is locked from Kraken EUR/ETH market (Interbanken exchange rate CHF/EUR: Google finance).

The crowd contribution period will consist of two contribution tracks:

- **Small Cap** track for contributions from 500 up to 5'000 CHF (equivalent)
- **Large Cap** track for contributions from 5'000 up to and including 50'000 CHF (equivalent)

Every contributor approved for the Small Cap track will be approved for a contribution up to 5'000 CHF (equivalent).

Every contributor approved for the Large Cap track will be approved for a contribution up to a limit, which is fully determined by BTCSAG.

The contribution period is planned to start on Thursday, October 12th at 12:00 UTC. Whitelisted Small Cap participants have an exclusive 24-hour period. In other words, whitelisted Large Cap registrants can participate after the 24-hour period has passed on Friday, October 13th at 12:00 UTC.

The contribution and registration periods end on the 26th of October, 12:00 UTC, or once the contribution cap of the Smart Contract is reached.

The contributor agrees to have read and agreed to all published Contribution Terms & Conditions, the Crowd Contribution Information Summary and all other published conditions on the Streamr website.

NB. Exact conditions regarding the crowd contribution may be subject to changes by Streamr Network AG.

The official website for the Streamr project is: <https://www.streamr.com>

KYC/AML process for contribution whitelisting through Bitcoin Suisse AG

Bitcoin Suisse AG acts as a disclosed agent of the user and performs KYC/AML procedure for whitelisting contribution addresses to the Streamr Smart Contract System and/or Streamr Network AG, allowing the address to contribute to the Smart Contract System, under the respective contribution caps. Please note that Bitcoin Suisse AG is thereby not in control of the Streamr Smart Contract System and/or Streamr Network AG.

The contribution offering will operate in a first-come-first-serve manner.

Terms

To participate, contributors are required to onboard as clients at BTCSAG. Once the onboarding has been completed, the contributor will be notified about his contribution limits, and be whitelisted for contributions in the Smart Contract System at the first upcoming whitelisting round.

Handling fee

Contributors will be charged a handling fee, for the KYC/AML onboarding and regulatory responsibility at BTCSAG, of 1.25% when sending ETH in to the Smart Contract Solution, which is then transferred to BTCSAG.

Onboarding

Contributors who wish to onboard with BTCSAG, must provide:

- A scan or copy of their valid passport or other governmental ID.
- A 'selfie', holding their passport next to their face, or alternatively, a notarized copy of the above ID.
- A filled and signed Form A
https://www.bitcoinsuisse.ch/assets/pdf/forms/Private_Individuals_Form_A.pdf
- Proof-of-residence (utility bill, or similar).

A filled and signed Form 1A (only for Large Cap track)
https://www.bitcoinsuisse.ch/assets/pdf/forms/Private_Individuals_Form_1a.pdf
- Companies require different compliance procedure, and are on-boarded on request.

The BTCSAG Compliance department may ask additional questions. The Client grants BTCSAG permission to use and share the, by BTCSAG, collected information for regulatory and compliance purposes (e.g. for the involved bank or financial intermediaries).

BTCSAG reserves the right to unilaterally turn down any request for a business relationship, if BTCSAG so wishes.

Liabilities

BTCSAG is responsible for the proper accounting of — and regulatory compliance/AML, in regards to Swiss rules and regulations of all contributions and associated transactions.

BTCSAG holds no other liabilities towards contributors than the above mentioned. BTCSAG is acting merely as a financial intermediary and KYC/AML provider, between contributors and the Streamr project and its founders.

BTCSAG does in no way hold any liabilities in regard to promises made by Streamr, nor do we endorse the project or have any opinion in regard to its merits.

BTCSAG asks all contributors to remember that crypto-projects are always risky endeavors, which are usually characterized by high probability of failure and equally high potential returns. We ask any contributor to do his own due/diligence on the projects & assets in question, as well as the organizations and people behind them.

Established crypto-currencies themselves are already highly volatile and risky assets, ICO-offerings of crypto-tokens yet unproven must always be classified **as extremely risky assets!**

This Agreement shall be governed, construed and interpreted pursuant to and in accordance with the laws of Switzerland. The Courts of the Canton of Zug shall have exclusive Jurisdiction for all matters related to this Agreement.
